

# ACCOLAB OPTICAL ANTI-FATIGUE LENS DISPENSER GUIDE:

AccuLab offers **10 different anti-fatigue lens designs** for your patients. Use the chart below to determine which design is right for them. The difference between the designs is the amount of accommodative relief the patient will receive in the lens:

**3 Different Lens Design Options:**  
(Compare to Eyezen)\*

- IOT ENDLESS SINGLE VISION
- IOT ENDLESS ANTI-FATIGUE
- MONTANEL DART FATIGUE SHIELD

\*Pair with Trident AR or AccuBlu lens material for blue light protection.
