

Endless Drive Lenses

Endless Drive Progressive and Single Vision lenses are specifically adapted for driving. They are designed to help reduce visual fatigue, improving visual acuity and providing better vision of the dashboard, mirrors, and road ahead.

Endless Drive lenses are uniquely designed based on the way we see while driving. They have been developed to maximize the distance and intermediate distance vision zones, which are the areas most used for driving.

Consult your eyecare professional for more information on Endless Drive Progressive and Single Vision lenses.

**Decide your destiny,
enjoy the journey
with Endless Drive Lenses**

Do you have poor vision driving at night?

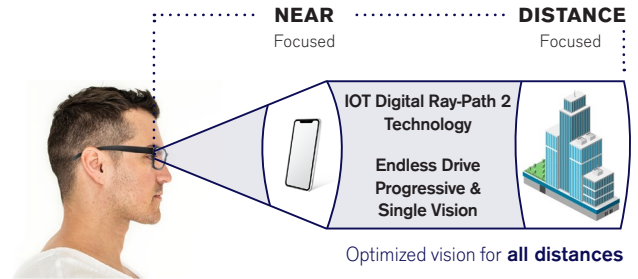

43% of drivers feel insecure driving at night due to the loss of their visual capacity. Night myopia affects one out of three people, making it difficult to see distant objects at night. Endless Drive Progressive and Single Vision lenses address this problem with specialize optics, providing an **improved visual quality, clear and precise vision, so you can enjoy driving anytime.**

Benefits

- Improves visual experience when driving in daytime and nighttime conditions
- Compensates for the effects of night myopia
- Near elimination of peripheral blur
- Optimized vision for a better view of the dashboards and mirrors
- Reduces visual fatigue symptoms when driving at night
- Greater visual acuity for easy focus and more agile eye movement

A lens adapted to any situation

Endless Drive lenses include IOT Digital Ray-Path 2 Technology. This patented innovative technology personalizes your lenses, for **crisp vision at all distances.**

Designed for driving

Endless Drive Progressive and Single Vision lenses are uniquely customized and specifically adapted for driving. They are designed for drivers who demand **impeccable visual quality for driving at any time day or night.** Endless Drive lenses are specifically created to help you focus both inside and outside the car, providing **greater visual acuity and reduced visual fatigue**, making your drive pleasant and relaxed.

97% of wearers who have used Endless Drive lenses have felt much more comfortable driving both during the day and at night.
