"YOUR SUCCESS IS OUR VISION"

## Illinois' Premier, Independent, Veteran-Owned, 100% Digital, Full-Service, Wholesale Optical Lab

Founded in 2005 by Chris Brundies, a dedicated US Army Veteran, AccuLab has proudly become the last remaining independent surfacing lab in the State of Illinois. With our recent relocation to a bigger facility, we handle large-scale orders, while maintaining our cherished close relationships with customers and preserving our small business ethos. At AccuLab, we boast state-of-the-art digital lens making equipment, representing the pinnacle of scientific advancement in our industry. This cutting-edge technology enables us to produce exceptional lenses of unparalleled quality, ensuring optimal vision for your patients. As your 'go-to' lens lab, our goal is to enhance the success of your business by consistently delivering affordable, stunning lenses in a prompt manner. Choose AccuLab as your trusted partner and experience the difference of working with a dedicated team that values craftsmanship, customer satisfaction, and the enduring spirit of independent entrepreneurship. Visit us online at [acculab.net](http://acculab.net), or stop by the lab for a tour, and embark on a rewarding partnership that will elevate your practice to new heights! Your success is our vision.
