**OnGuard 2022 Safety Eyewear Program**

OnGuard Industrial Safety has been the trusted prescription safety brand since 1999. We strive for continued success in innovation, design and anticipating consumer needs. Each of these attributes is core to the development team here at Hilco Vision. In recent years we challenged our team to create a new inside side shield, the **SHIELD** attachment that is less bulky and can be either removable or permanent. Our fashion forward design styles make wearing safety rated eyewear (ANSI/CSA/EN166) requirements at work more fashionable, while still retaining customer confidence and comfort.

Hilco Vision proudly undertook an initiative that would be 3 years in the making in order to bring our global company back to its local roots. With first-in-class Design, Sourcing, and Engineering teams, Hilco Vision launched a project to support our manufacturers across the country and create safety eyewear products that are American Made. Hilco Vision proudly supports domestic manufacturing across the country with this pilot effort to safeguard American jobs & provide unparalleled product quality & performance. Our Made in the USA Frames are non-conductive and ANSI & CSA compliant making them a dependable safety frame option.

We thank you for your continued confidence in the OnGuard collection and invite you to review our current collections including Made in the USA.

**Featuring:  
 The Made in The USA  
 Safety Collection**

US 110S & US 120S featured on page 7

**OnGuard Warranty**

**Warranty:**

All Hilco Vision Safety frames are guaranteed to be free from defects in material and workmanship for a period of two (2) years. Warranty period begins on the date of purchase by the patient.

**Warranty Replacement:**

- Prior to returning any product please call 1-800-955-6544 to obtain an RMA number from a Hilco Vision Customer Care representative.
- A replacement frame will be shipped immediately; at full net selling price.
- The warranty claim will be reviewed upon receipt of RMA\* and classified as either:
  - **Manufacture Defect**, in which case a credit will be applied for the warranty replacement frame shipped previously, or
  - **Not Defective**, in which case no credit will be applied

\*RMA must be received 3 months after issue

**Catalog Terms Reference Key**

**Side Shield Options**

- SHIELD** Permanent or detachable rivetless technology. Mounting from the inside, not compromising the look of the frame.
- EZ Shield™** Side shield that can be used as a removable shield or locked into position for a permanent installation.
- Integrated** Frame and side shield manufactured as a complete unit.

**Key Features**

- ADJUSTABLE TEMPLES** Adjustable Temples provide custom fit.
- REPLACEABLE NOSE BRIDGE** Replaceable Nose Bridge for extended product life.
- REPLACEABLE DUST DAM** Replaceable Dust Dam for extended product life.
- METAL FREE** Metal Free.
- V-PORT TECHNOLOGY** View-Port Technology for peripheral viewing and ventilation.
- TELESCOPIC TEMPLES** Temples extend for added comfort and fit.
- NON CONDUCTIVE** Plastic frames that contain shielded metal parts.
- T-GUARD** Patented T-Wire design for superior lens retention.
- Unifit Bridge** One piece bridge/nose piece distributes the safety frame weight evenly over the nose.

See our Safety Eyewear Accessories on page 39.

# A-2 COLLECTIONS

A-2® frames feature the patented SprinGuard™ lens retention system which secures lenses efficiently with less frame mass. A-2 eyewear is thinner and lighter yet, incredibly, it exceeds the ANSI Z87.1 2010 impact standard by a comfortable margin.

## A-2 FRAME TECHNOLOGY

Patent 5,862,529

Patented SprinGuard™ flat posterior lens lip design provides superior lens retention with SprinGuard beveled lenses.

Patent 6,715,873

Patented EZ Shield™ rivetless side shields provide the ultimate in easy permanent attachment.

Exclusive SAFE-LOK™ locking system keeps lenses and temples tight for superior impact resistance.

## A-2 FLEX TITANIUM COLLECTION

- Premium collection of energy-absorbing frames that hold adjustment, incredibly lightweight and corrosion resistant
