

High-performance progressive for enhanced distance vision

AccuLab's premium progressive lens designs deliver advanced clarity across your entire field of vision, **tailored to your patient's unique prescription and lifestyle needs**. With more corridor length options and fully customizable insets, each lens is crafted for a truly personalized fit, maximizing comfort all day long.

The **Lance** progressive design offers **exceptional distance vision** with well-defined viewing zones, minimizing unwanted astigmatism for a noticeably sharper image. Thanks to OptoTech's **ODP and 4K high-resolution technology**, your patients will experience outstanding image quality and unmatched visual performance in every situation.
